

## Elan One Card

# One card does it all!

A single card that integrates payment for travel, purchasing and fleet management.

An Elan One Card gives your organization unified processing, simplified management and maximized savings. Moreover, it provides access to the Visa® worldwide network with acceptance at millions of merchant locations and ATMs. Use of the one card ensures your employees access to goods, services and cash around the globe – eliminating the need for more costly alternatives such as petty cash or cash advances. Additionally, detailed transaction data is captured on every purchase. The Elan One Card can be fully integrated with your electronic expense reporting (EER) system so you get valuable information to help you monitor business travel spending and aid in vendor negotiations.
